ECCE Europe 2024 Conference

Aim of the Conference

Power electronics is one of the key technologies to tackle the key challenges of mankind: climate change and sustainability. Therefore, we will move into an electric age, where more and more processes will be electrified, and the use of renewable energy will be the fundament of our future energy backbone.

The ECCE Energy Conversion Congress & Expo series of power electronics conferences are among the largest in the world, and ECCE Europe claims to become the flagship conference in Europe for power electronics, attracting many hundred experts from Europe and other regions of the world.

ECCE Europe 2024 is aimed at exchanging ideas and experience among senior professionals, young scientists, PhD candidates and researchers from industry and academia in all areas of power electronics. During ECCE Europe 2024 in Darmstadt there will be opportunities to converse about topics in our wonderful area of work, through lecture- and dialogue sessions, industrial forums and exhibition, technical tours and tutorials.

Conference Highlights:

- Cutting-edge Research Presentations
- Keynote Speakers & Industry Experts
- Industry Sessions
- Diverse Technical Tracks
- Workshops and Tutorials
- Networking Opportunities
- Student Job Fairs

List of Topics

On top of the tutorials, lecture and dialogue sessions, and technical visits, the organizing committees will propose several industrial forum sessions with panel discussions as well as special sessions of power electronics related topics and trends.

ECCE Europe 2024 will highlight the following Focus Topics, not only in dedicated lecture and dialogue sessions of the conference but also in keynotes, the exhibition, panel discussions, tutorials and technical visits. Paper submissions in line with these Focus Topics are highly encouraged.

I. Converter Components

1. Power Devices, Components and Packaging
2. Power Converters Topologies
3. Converter Modelling, Simulation and Design
4. Measurement, Supervision and Control for Power Converters
5. Data Analysis, Artificial Intelligence and Communication
6. Sustainability of Power Converters

II. Converter Applications

7. Electrical Machines and Drive Systems
8. Renewable Energy Power Systems
9. Power Electronics in Transmission and Distribution Systems
10. E-Mobility and Propulsion Systems
11. Power Supplies and Industry-Specific Applications

The complete list including the sub-topics is published in the [Call-for Papers](#) and on the conference website: www.ecce-europe.org

Sponsorship and Exhibition Opportunities

Companies or organizations are welcome to sponsor the conference according to the packages listed below. ECCE Europe is the most important European conference in the field and a must-be for scholars, designers, and engineers, offering the perfect stage for networking among companies and professionals. The organizing committee will ensure that all Sponsoring Companies receive the highest recognition in return for their support to the Congress.

Sponsorship Opportunities

Platinum (exclusive, only one platinum sponsor): 50 000 € (19% VAT excl.)

- ✓ One exhibition space of 24 m² (6m x 4m) including the standard package *) with 3 desks, 6 standard chairs and 8 spotlights
- ✓ Eight exhibitors passes (coffee-break, lunch and welcome reception included, but no gala dinner)
- ✓ Four ECCE Europe Conference registrations
- ✓ Eight visitor tickets for the exhibition (one day visit only)
- ✓ Company logo on the sponsors page of Conference website and in the app
- ✓ Logo and advertising document on the online proceedings
- ✓ Two banners in the ECCE Europe Newsletter
- ✓ Two half page advertisements in the ECCE Europe Newsletter
- ✓ Three posts on the ECCE Europe social media (LinkedIn®)
- ✓ Two gala dinner tickets

Gold : 25 000 € (19% VAT excl.)

- ✓ One exhibition space of 18 m² (6m x 3m) including the standard package *) with 3 desks, 6 standard chairs and 6 spotlights
- ✓ Six exhibitors passes (coffee-break, lunch and welcome reception included, but no gala dinner)
- ✓ Three ECCE Europe Conference registrations
- ✓ Six visitor tickets for the exhibition (one day visit only)
- ✓ Company logo on the sponsors page of Conference website and in the app
- ✓ Logo and advertising document on the online proceedings
- ✓ Two banners in the ECCE Europe Newsletter
- ✓ Two half page advertisements in the ECCE Europe Newsletter
- ✓ Three posts on the ECCE Europe social media (LinkedIn®)
- ✓ One gala dinner ticket

Silver: 13 500 € (19% VAT excl.)

- ✓ One exhibition space of 12 m² (4m x 3m) including the standard package *) with 2 desks, 4 standard chairs and 4 spotlights
- ✓ Four exhibitors passes (coffee-break, lunch and welcome reception included, but no gala dinner)
- ✓ Two ECCE Europe Conference registrations
- ✓ Four visitor tickets for the exhibition (one day visit only)
- ✓ Company logo on the sponsors page of Conference website and in the app
- ✓ Logo and advertising document on the online proceedings
- ✓ One banner in the ECCE Europe Newsletter
- ✓ Half page advertisement in the ECCE Europe Newsletter
- ✓ Two posts on the ECCE Europe social media (LinkedIn®)
- ✓ One gala dinner ticket

Contributor: 7 000 € (19% VAT excl.)

- ✓ One exhibition space of 6 m² (3m x 2m) including the standard package *) with 1 desks, 2 standard chairs and 2 spotlights
- ✓ Three exhibitors passes (coffee-break, lunch and welcome reception included, but no gala dinner)
- ✓ One ECCE Europe Conference registration
- ✓ Four visitor tickets for the exhibition (one day visit only)
- ✓ Logo and advertising document on the online proceedings
- ✓ Company logo on the sponsors page of Conference website and in the app
- ✓ One banner in the ECCE Europe Newsletter
- ✓ One post on the ECCE Europe social media (LinkedIn®)
- ✓ One gala dinner ticket

*) The standard package includes

- ✓ Carpet
- ✓ Standard frame (wall panels h: 250 cm), opening on 1, 2 or 3 sides, depending on position
- ✓ Fascia header board with company name
- ✓ Lighting: Electrical plug (2 kW) and spotlights
- ✓ Desk(s) (80cm x 80cm, height: 72cm)
- ✓ Standard chairs
- ✓ Waste paper basket

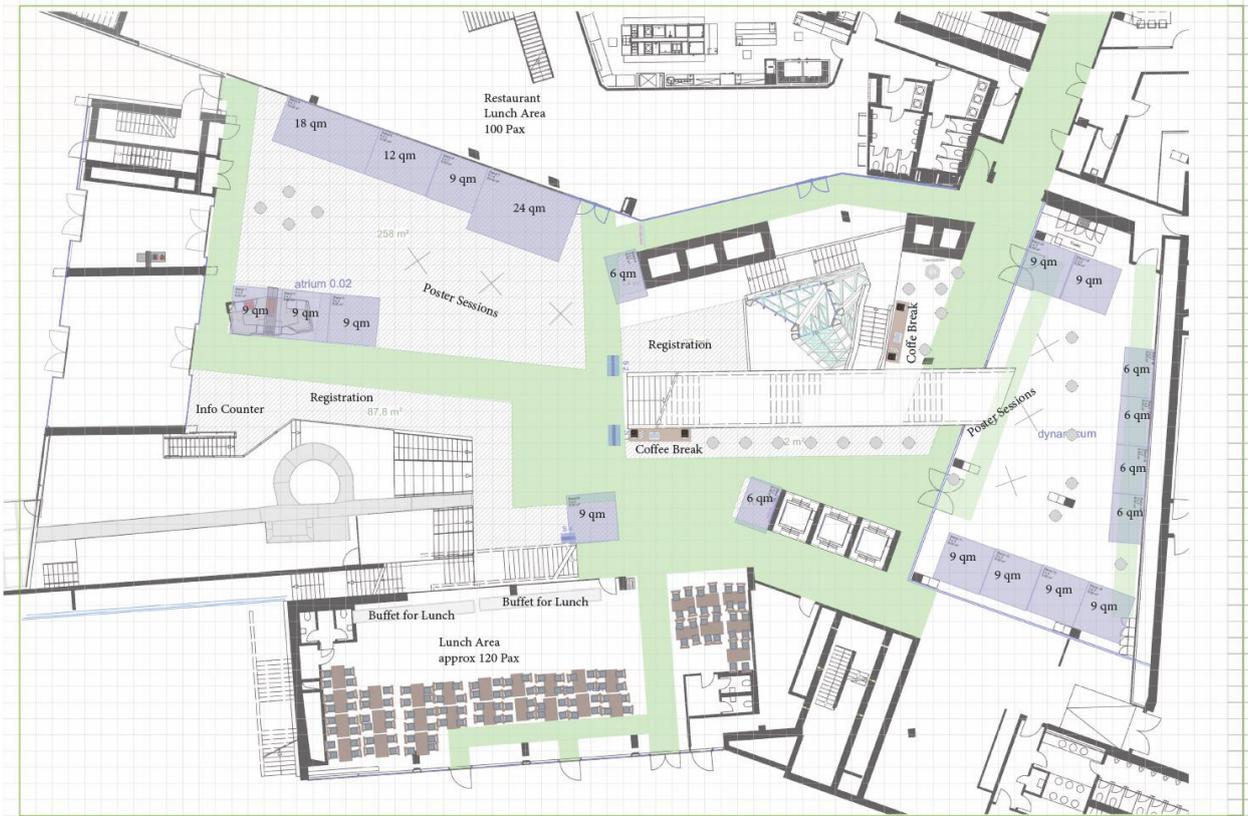

Exhibition Opportunities

Modular booths or spaces of 6 m², 9 m², 12 m², 18 m² or 24 m² are available.

Application and Payment for Sponsorship and Exhibition

Application

Contact: Thomas Harder, ECPE e.V., +49(0)911 810288-0, thomas.harder@ecpe.org

An online registration tool will be available by the end of January 2024 providing the necessary online forms for your options. Here you will find the application opportunities for a booth and additional booth equipment.

Confirmation and Payment

The local organization Kenzler Conference Management (KCM) will, as far as possible, take into account the requests from sponsors and exhibitors when allocating stand numbers. However, the conference organizer does not guarantee that the booth requested will be available and/or will be assigned. Assignments will be made only after the appropriate payment (100% of total amount payable upon receipt of the invoice).

Confirmation of your sponsorship and stand space as well as of the desired stand number will be mailed to you. However, we reserve the right to relocate the stand on site if necessary. We will of course inform you about this in advance.

VAT (Tax)

All prices are listed without VAT. Current German VAT rate is 19 % (as of January 2024).

Contract and Cancellation

A sponsoring agreement will be sent after the receipt of the application. KCM will send an offer and/or a contract upon request.

Insurance

Companies exhibiting at the ECCE Europe 2024 are required to take out an appropriate insurance (liability insurance), and to send a copy to KCM.

Disclaimer

As from the normal publication delays, in the summer period, the organizers cannot guarantee that the full visibility, as described in the packages will be available for bookings after 11th of July 2024. The organizers will make all efforts to propose acceptable alternatives in case the normal service is not available anymore.

Organization and Venue

Commencing in 2024, IEEE PELS is embarking on a new collaboration with ECPE European Center for Power Electronics for the PELS flagship conference in Europe: ECCE Europe 2024. The impressive darmstadtium – Science and Congress Centre in the heart of Darmstadt, Germany, will host the conference, with its extraordinary auditorium “spectrum” with up to 1677 seats, a total of 3700m² of light-flooded foyer areas for accompanying exhibitions and 21 conference rooms that can be flexibly combined for a total of up to 1300 people in different sizes and capacities. The exhibition area, including the “dynamicum” hall, can host up to 40 booths and has place for standing lunches and breaks. Seating for lunch is available in the restaurant and in the “copernicum” hall for up to 220 people. There will be additional seating options in parts of the foyer on the first floor. The total usable area of the darmstadtium is 18,000 m².

Exhibition areas of the darmstadtium – Science and Congress Centre

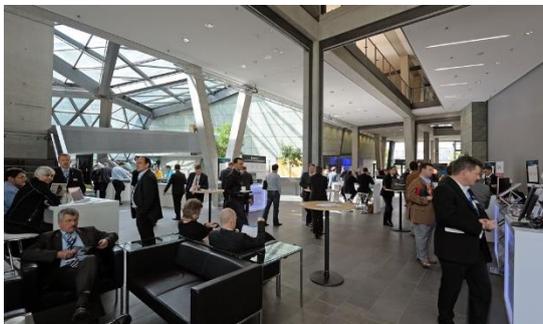

Example images of the exhibition areas:

exhibition space in the foyer “atrium” on the ground floor

exhibition space in the “dynamicum” hall on the ground floor

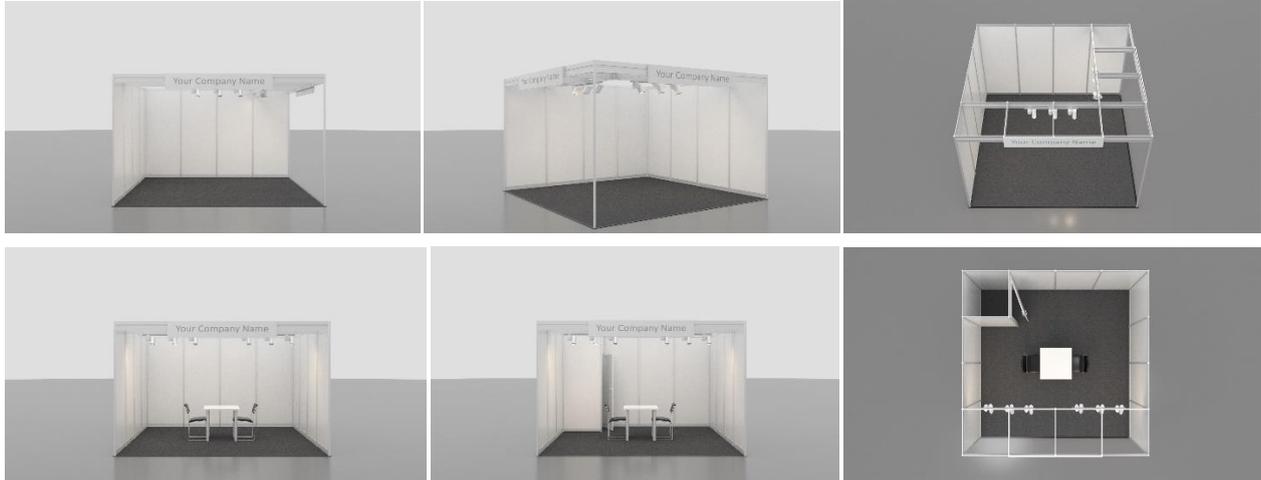

exhibition space in the foyer “atrium” on the first floor

Information about the stands:

Example of a 4x4m² stand

(Please note: Lengths and depths vary depending on the stand size and the space available on site)

Height of all stands: 2,50 m

Access Route for Suppliers and Exhibitors

Directions for supplier and exhibitors (main route):

Approaching from the A67 (E451) or A5 (E35) motorways:

Leave the A5 at the motorway exit „Darmstadt Mitte“. Approaching from the south on A67: please follow the signs for „Darmstadt“ and take the exit „Darmstadt Mitte“.

Both routes lead onto the main road towards the city centre, which later becomes Rheinstrasse (B26). Continue driving down the street until it crosses with Neckarstrasse (B3). Please turn right into Neckarstrasse. Turn left into Hügelstrasse (B26) and turn left into Kirchstrasse (will become Holzstrasse later on).

Please note: Due to the construction of a new bridge, there may be traffic disruptions on Rheinstrasse.

Entry underground car park

Drive straight ahead until you reach the 2nd traffic light. On the right side you can already see the darmstadtium. Turn right at the traffic light into Alexanderstrasse and pass the building until you reach the entry for underground car parking. (The entrance to the paid underground parking Q-Park on this building side is only for cars, maximum height 1.95 m).

Entry loading yard

Passing the entry for underground car park, drive through until you reach Pützerstrasse. Turn right into Pützerstrasse, turn right into Landgraf-Georg-Strasse and then turn right into Fraunhofer Strasse which is directly connected with our loading yard. Please ring the bell on the left hand side and wait for the green light. Access to our loading yard is only permitted for trucks and sprinters over 1.95 m.

Important Information:

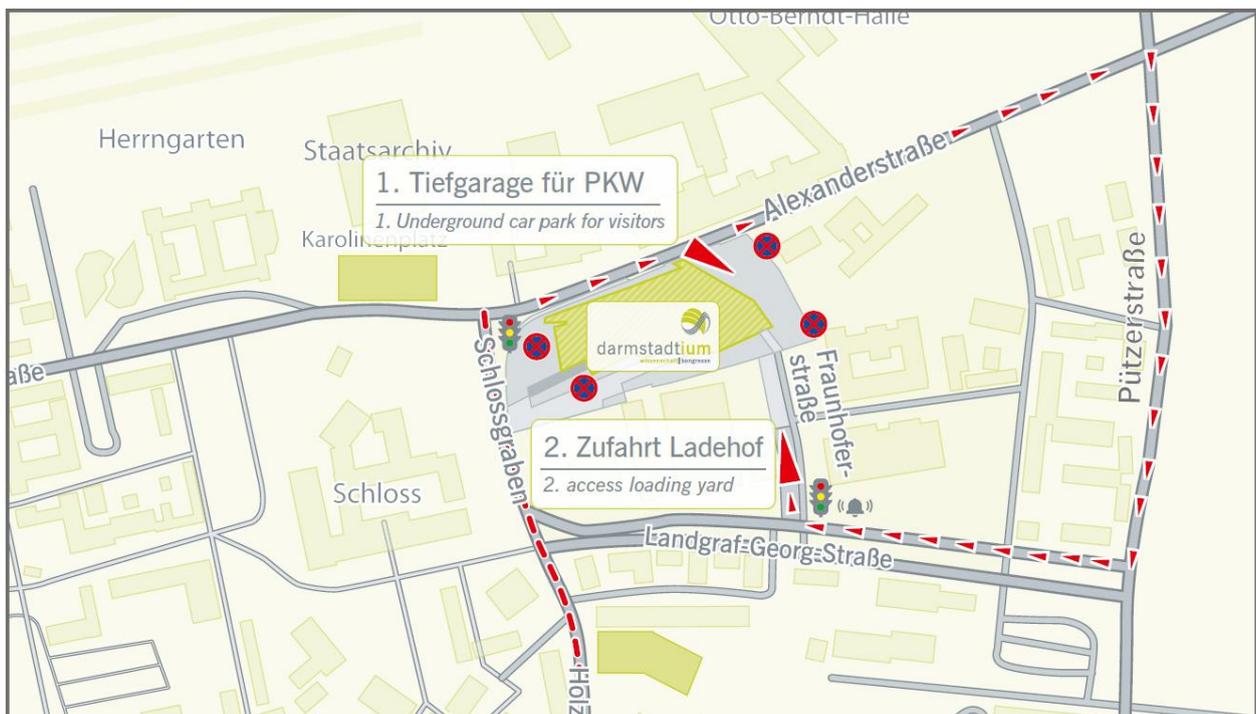

Parking is strictly prohibited on the area around the congress centre. All of the areas mentioned above may only be used for loading and unloading if this has been agreed with the darmstadtium beforehand. The specifications may vary depending on the event. All emergency access routes must be kept free of obstructions; please follow the instructions of the staff at all times.

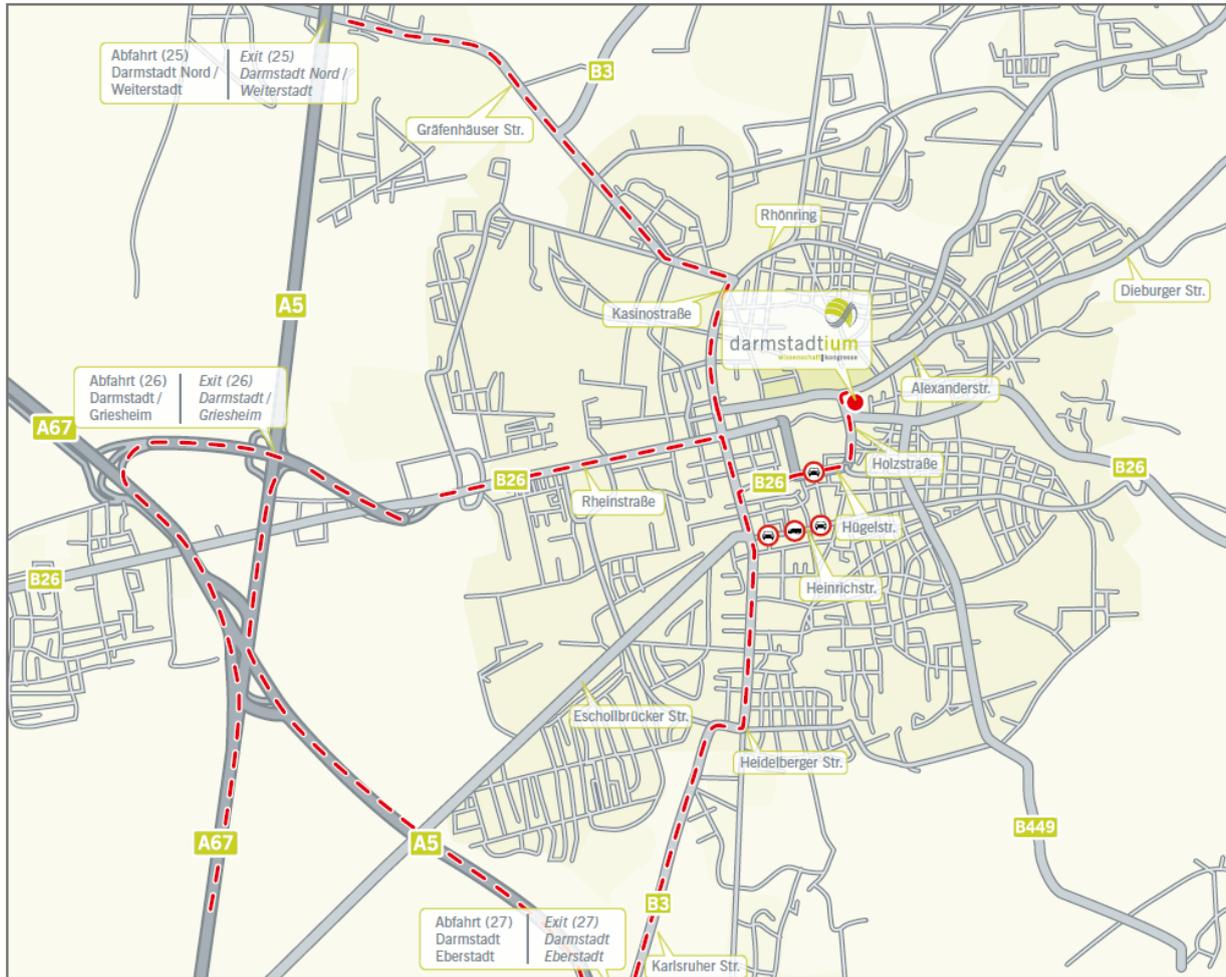

Please note that the darmstadtium has no loading ramp and no forklift.

Loading and unloading is only permitted between 6 am - 8 pm. Otherwise a special authorization is required. Please note the area around the congress centre is a no stopping area.

You can contact our info point from 8 am - 8 pm. Monday - Friday by phone +49 (0) 6151 7806-0.

Please note that Darmstadt has an environmental zone, and the green badge on every vehicle is obligatory. Moreover, there is a strict transit ban for lorries from 3.5 tons as well as a ban for lorries at night between 8 pm - 6 am. (exception for loading and unloading)
